<p><b>INDIVIDUAL MEMBERSHIP:</b> The CICE Network is individually &amp; nationally founded based on member feedback.</p>	
<p><b>EXPECTATIONS:</b></p> <p>This is an organic, personalised business enterprise with a huge vision of a CI culture across NZ. Results are both tangible and intangible, and evidence continues of the real value being added. The very spirit of such a network is about everyone working together. It requires honesty, integrity, passion, professionalism, and a willingness for others and New Zealand to succeed.</p> <p>The CICE Network Exchange has been going since 2014. In that time how it works in practice has and is being determined by members and activity. The network is amazing....Renewal question to a member?? <i>Definitely a YES – it's been great value.</i> But each person/member wants something different. This means working together is a huge part of the success and is in a large part up to the individuals involved. Put a lot in and you'll get a huge amount of value out. It is about sharing, learning inspiring each other. It is not about experts, we are not being sold to we are selling to each other.</p>	
<p><b>EXTRAS:</b> Commercial/financial connections and exchanges may fall outside the spirit/realms of the network.</p>
